

La Fiesta Gipsy Do Brasil

Mateo is born in Montpellier, South of France, hometown of Diego, Paco and Tonino Baliardo from the legendary group "The Gipsy Kings". Very young, he learns the "cumpas" close to the gipsy community of Montpellier, this so particular "Rumba Flamenca" rhythm. Also musically very influenced by his trips to Brazil and USA, he begun to mix up all those styles to surprise everybody and finally created his own band: Mateo Gipsies.

Today, more than ever, the Gipsy pop music is trendy! "The Gipsy Kings", the most famous band of this music style, finished a triumphant tour of more than 30 dates in the United States but also in Canada, England, Germany, South Africa and Spain.

The Mateo Gipsies band will electrify the audience of your event with its catchy rhythms and enchanting ballads. Composed of 8 professional musicians, it offers covers of the greatest hits of Gipsy music (Bamboleo, Djobi Djoba, My Way...) as well as original musics. It can also be accompanied by dancers to improve the visual experience. Take a look at this video: <https://youtu.be/z5EWogzVcjM>
